to be an advocate for the preschool reading program. There are not any options for using the school as a temporary library but the school is open to letting the library use space for storage. The Board is anxious about the remodel and is still looking for options as where to house the library during construction.

- Patrons have been coming in and using the computers and numbers are looking good.

**UNFINISHED BUSINESS**

- Councilmember Lael was inquiring about the confusion of the brush truck purchase, he believed that it was full steam ahead with the purchase in 2014; Cascade Equipment will not take the support rig as trade so the Fire Department is looking into selling. Councilmember J. Huber wanted to clarify the price of the brush truck and the trade value, they stated it was \$10,000 and the Fire Department will have to sell the support rig outright.
- It was Council's understanding that this was approved at the last meeting that everyone was in agreement that the purchase was to take place in 2014. Mayor Pro Tem McLean said he would discuss the confusion during payables.
